

US National Grid Implementation

-- Brevard County --

- EM Director: Issue letter or email to all PSAPs and response organizations
 - EM requirement to implement USNG. Necessary components are available.
 - Advise / provide link to Rev 1 Brevard County USNG maps (FREE)
 - Describe Web tools (FREE)
 - Point out the ease of which an address or location can be determined in USNG
 - Require that all 2ND Alarm or greater events (fire, EMS, haz-mat, law enforcement) are paged out and identified with USNG 1 KM grid at minimum.
 - Provide links to training documents
 - Request incident commanders start calling out USNG when requesting / allocating resources.
 - Request that USNG become commonplace by 6/1/09.
 - Update EM website to include USNG references, links to training documents, etc.
 - Hold USNG implementation lessons learned / status meetings
 - 45 days from issuance of letter
 - 90 days from issuance of letter
- Press release after second meeting that Brevard has implemented USNG
